

Sodium Dodecyl Sulfate (SDS) Dust-Free™ Ultrapure

Sodium Dodecyl Sulfate is routinely used in bioprocessing for protein extraction and analysis. Our ultrapure dust-free formula makes preparation easy.

- Safe
- User-friendly
- Dust-free

Did you know...

Dust-Free™ SDS dissolves 50%
faster than traditional SDS?

About Us:

We manufacture innovative
bioactive small molecules and
fine chemicals for research and
bioprocessing.
